

DARTMOUTH TRUST

We are recruiting a voluntary position to join our Board of Trustees

The Dartmouth Trust is currently recruiting a voluntary trustee to help manage its investments for the long term benefit of the 3 beneficiary charities. Investments comprise a mix of directly held property and charity investment funds. Trustees are responsible for leading the strategic direction of the charity and ensuring that it works effectively and in accordance with its legal constitution.

Who we benefit

Dartmouth Trust has distributed over £5.7million to its 3 beneficiary charities over the past decade.

The separate beneficiary charities are all Dartmouth based and provide local almshouse accommodation, repairs to churches and other historic buildings in the town and grant giving to local good causes.

Can you help?

Skills the board would welcome include experience of managing investments/property or related legal matters. Local knowledge is important as is a commitment to the role.

Contact us

In the first instance please contact us by 8th April 2024 to arrange an informal chat with the Chair
